HENRY NYASHA MURINDA

Curriculum Vitae | Full-Stack Software Engineer

henrymrinda@gmail.com | 0782828542 / 0713777002 | No. 4153 Chikanga 2, Mutare, Zimbabwe | https://sirhenry978.github.io/Eng_

PROFESSIONAL SUMMARY

Results-driven full-stack software engineer with 2+ years of experience building enterprise-grade web applications and AI-powered solutions. Specializing in backend systems, web applications, and intelligent chatbots.

WORK EXPERIENCE

Software Developer Graduate Trainee | Melsoft Private Limited

2024 - Present | Zimbabwe

- Designed and developed web-based management systems using PHP, Laravel, and CodeIgniter
- Built and maintained school management modules: fees, exams, homework, library, reporting
- Implemented financial reporting: Income Statement, Trial Balance, General Ledger, Balance Sheet
- Developed AJAX-powered features to improve system performance and user experience
- Created dynamic reporting: Age Analysis, Outstanding Fee Reports, Rent Collection Reports
- Integrated database-driven dashboards for real-time financial and operational data
- Designed and optimized MySQL database structures for performance and data integrity
- Developed RESTful APIs and backend services for modern web applications
- Implemented secure authentication systems and role-based access control
- Deployed and maintained web applications on cPanel with HTTPS security
- Developed AI chatbots for automated customer support and lead generation
- Collaborated with clients to gather requirements and deliver scalable solutions
- Built enterprise web systems using Laravel, React, and Vue.js
- Managed Git-based version control and collaborative development workflows

IT Support & Systems Administration Intern | Mutare City Council

October 2022 - August 2023 | Zimbabwe

- Provided technical support for hardware and software issues, troubleshooting desktops, laptops, and peripherals
- Performed operating system installations and updates, ensuring systems remained secure and up to date
- Managed and supported corporate email systems, assisting users with account setup and configuration
- Assisted with network configuration and maintenance, including monitoring connectivity and troubleshooting LAN issues
- Supported database server administration, helping maintain server availability, backups, and performance monitoring
- Ensured system security and data integrity by applying updates and monitoring system logs
- Documented IT issues and resolutions to improve technical support efficiency and knowledge sharing

EDUCATION

Bachelor of Science in Computer Science - 2.1 Class Honors

Midlands State University, Zimbabwe

TECHNICAL SKILLS

- Backend: Laravel, PHP, CodeIgniter, Python, Django, C#
- Frontend: React, Vue.js, HTML5, CSS3, Tailwind CSS, TypeScript
- Mobile: Flutter, React Native, Cross-Platform Development
- Desktop: C#, .NET, Windows Applications
- Database: SQL, PostgreSQL, MySQL, Database Design
- Tools: Git, GitHub, REST APIs, Node.js, AJAX
- Security: RBAC, Audit Logs, Password Hashing, Session Security
- DevOps: cPanel, VPS Setup, HTTPS, DB Migrations, Backup Strategy
- Networking: Network Setup, Troubleshooting, Trunking, Configuration

KEY PROJECTS

- **FarmIQ** - React, Laravel, MySQL (Multi-Branch Farm Management)
- **NetScanPro** - React, Django, Python, Nmap (Enterprise Network Scanner)
- **QuickList WhatsApp Chatbot** - React, Python, Django
- **QuickTap Commuter Chatbot** - React, Python, Django
- **Real Estate Management System** - Laravel, MySQL
- **Quanta Accounting Software** - Laravel, MySQL
- **Legal Management System** - Laravel, MySQL
- **School Management System** - CodeIgniter, MySQL

CERTIFICATIONS

- SQL Database Certification | Full-Stack Web Development
